REPTILE SUPPLIES AND TERRARIUM PRODUCTS

In the world, **Coconut Based Products** is wildly used as a terrarium substrate in various coco items for animal bedding. Such as

1. **1kg humus brick (20 x 20 x7 cm)**
2. **650g humus bricks (20 x 10 x 5 cm)**
3. **500 g Chip bricks (20 x 10 x 5 cm)**
4. **Spider brick (10 x 10 x 2.5 – 5 cm)**
5. **Mini brick (10 x 5x 5 cm)**
6. **Coconut shell dome home**
7. **Coco dish**
8. **Coco mat**
9. **Flexible vine**
10. **Coco hide**
11. **Coco home**

According to buyers request sizes can be varied. A reptile terrarium should be an open terrarium and Closed terrarium. Terrariums for the keeping of these animals are much more open and airier. Most of these systems consist of a simple substrate and coconut shell caves or other hiding places for shelter, a water bowl and maybe a branch or two for climbing. Coconut husk chips & coir peat is widely used as a valuable substrate for animal bedding also, depending on the requirement. This can be practical and easy to maintain type of cage for large collections.

These types of terrariums can be applied to environments for the keeping of small animals such as Chameleons, Geckos, Snakes, Turtles, Dart frogs, Tarantulas.

Coconut Shell Dome Home: GCE#15

3/4 nut.

Whole nut.

1/2 nut.

Coconut shell domes are hiding caves made from natural coconuts. They are excellent natural hiding place for retreating, sleeping, and breeding. For small terrarium animals. The coconuts are about 10-15 cm in size.

Coco Dish: GCE#16

Water Disc is a 100% natural product made from a coconut shell complete with natural husk. These items are made from real coconut and will help increase the beauty and appeal of any terrarium.

Hanging dish for feeding

Coco dish for feeding

Coco Mat: GCE#17

Coco mats are made from coco fibres. They are also useful as they offer protection from sight and climbing space.

Flexible Vine: GCE#18

The tough, naturally-textured surface makes your reptile or amphibian feel right at home. Flexi vine made from coco fibres. Flexi-Vine is the safe way to create a virtual “jungle” for your climbing pet.

Size: Vine is 6' long x 1/8"-1/4" in diameter

Coco Hide: GCE#19

Hides are made from natural coconuts. They are excellent natural hiding place for small animals and reptiles, amphibians will easily develop stress that will affect their activity and appetite. Hides also provide a shelter and or a cooler and moisture area in the terrarium

Coco Home: GCE#20

Homes are made from natural coconuts. They are excellent natural hiding place for small animals and reptiles or amphibian feel right at home. Hides also provide a shelter and or a cooler and moisture area in the terrarium.
